

## **Void**

**Guglielmo Poletti**

The 'Void' series originates as an investigation of form in relation to the architectural notions of mass and emptiness. The collection is characterised by the extreme purity of the volumes, whose lineal profiles define a solid that has been partially deconstructed and carved out.

## Available models

614 - *stool* - Structure in steel sheet 3mm

615 - *bench* - Structure in steel sheet 3mm

616 - *small table* - Structure in steel sheet 3mm
