

Fan Wood - Outdoor

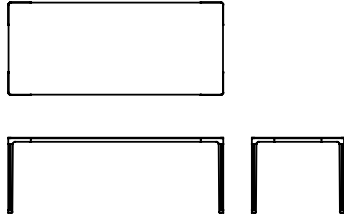

Piero Lissoni · 2014

Strengthened by the expressive character conferred by the materiality of the Iroko top which makes it suitable for outdoor use, the Fan table expresses a precise stylistic rigor with an industrial flavor, thanks to the particular detail of the structural legs.

Available models

Table composed of legs made of lacquered AISI 316 stainless steel.
Top made from solid Iroko slats, with specific oil treatment for outdoor use.
