Studio Ausenda Greco · 2008

Solidity and lightness are the style straits of this aluminium bookcases range. It is made by using extrusion technology to guarantee a high load-bearing capacity together with exceptionally elegant uprights and very thin shelves.

Available models

Bookcase system composed of upright side panels and extruded aluminium shelves. The back panels, in metal sheet, can be freely assembled on the back of the bookcase. The side panels are provided with adjustable feet. Back-lacquered opaque glass doors, available only for the element W.80 cm H.36 cm.
