Se a TAVOLO APERTO fosse necessario un allineamento, agire sui due piedini regolabili.

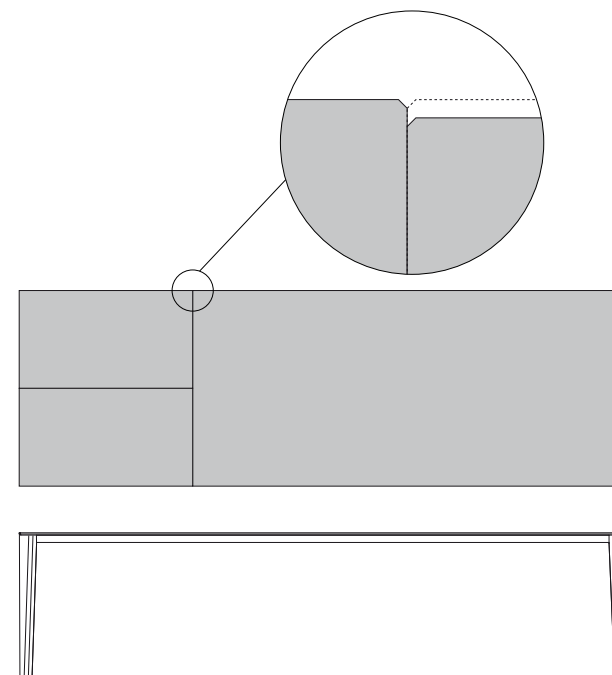

If an alignment is required with OPEN TABLE, act on the two adjustable feet.

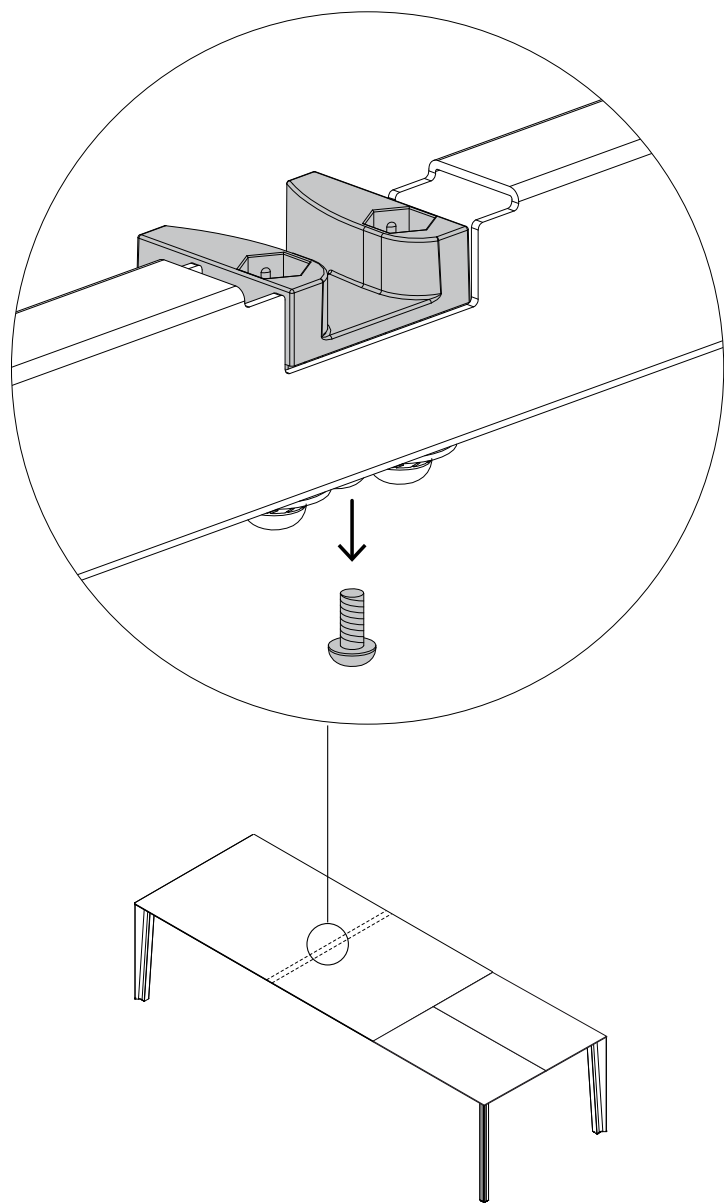

12

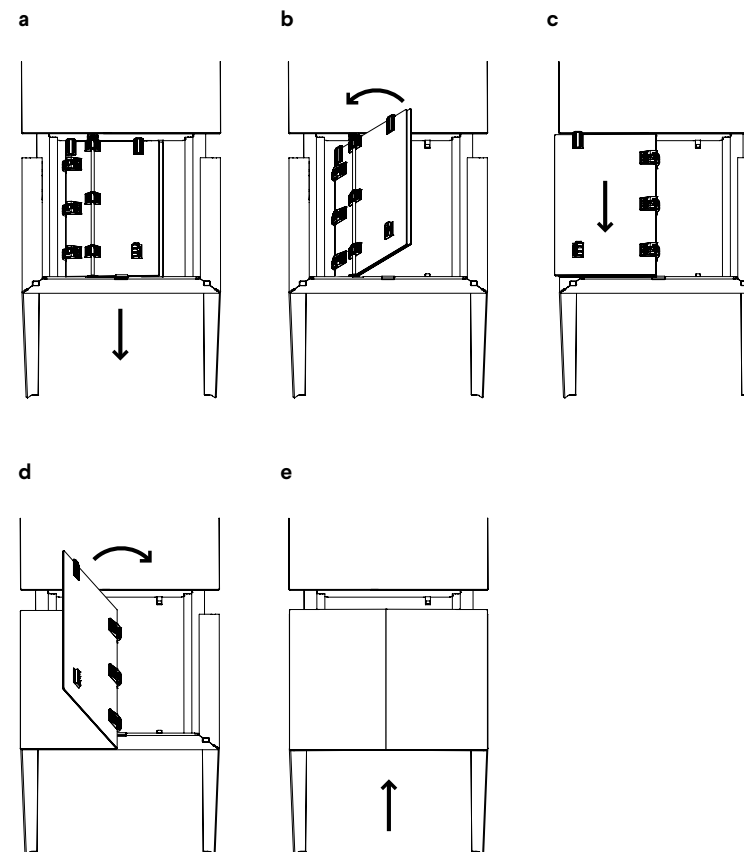

Se fosse necessario un ulteriore allineamento, A TAVOLO COMPLETAMENTE APERTO, eliminare la vite centrale e allentare le due laterali. Riallineare quindi il piano alle sue prolunghe. Serrare le viti laterali eliminando quella centrale.

If an additional alignment is needed, HAVING THE TABLE COMPLETELY OPENED, remove the central screw and loosen the two lateral ones. Then re-align the top to its leaves. Tighten the side screws by removing the central one.
