Helsinki 30 Tondo

Caronni + Bonanomi, 1995

The identity of Helsinki finds a new expression in its round version, where the collection's essential design meets a softer, more convivial geometry. The circular tabletop redefines the proportions of the table while preserving its distinctive character and design identity. A reinterpreted version that broadens the design possibilities of Helsinki, opening up new ways of shaping interior spaces.

Table with a demountable steel frame, featuring a 30 × 30 mm square section.
