

Element

Tokujin Yoshioka, 2013

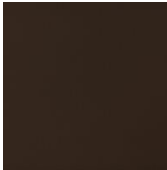

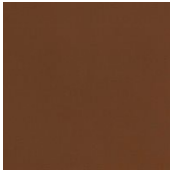

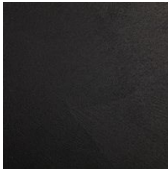

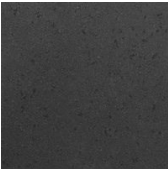

Element è un tavolo icona, emblema di purezza e poesia, sintesi perfetta della visione progettuale del designer Tokujin Yoshioka. Il suo sostegno centrale, sospeso tra i due piani orizzontali, sembra sfidare la gravità, evocando un equilibrio sospeso tra terra e cielo, tra passato e futuro. La finitura in cemento nero ne accentua la forza scultorea, trasformando la leggerezza apparente in una presenza materica e intensa. Un progetto di straordinaria complessità ingegneristica, che racchiude tutta l'esperienza e la maestria di Desalto nella lavorazione dei metalli, dando forma a un oggetto in cui arte e tecnica si fondono con naturalezza.
