

Helsinki 15

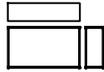

The Helsinki 15 project was conceived as an exceptionally versatile solution for both residential and contract environments: a system of coffee tables and consoles that transforms a formal archetype into a refined and functional range. Designed by Caronni+ Bonanomi, the project spans multiple dimensions, materials, and finishes, allowing it to integrate seamlessly into a variety of contexts — from living areas to reception spaces, from dining zones to exhibition settings — always ensuring visual lightness and aesthetic coherence.
