

Sand - Outdoor

A seat with multiple qualities: refined aesthetics, great comfort, lightness, and robustness. Many different proposals upholstered in leather or eco-leather where almost artisanal expertise blends with advanced production technology. Lightweight, stackable, available in outdoor versions.

Sand - Outdoor

Stackable chair with or without armrests, die-cast aluminum structure. Seat and backrest made of polypropylene loaded with fiberglass, UV-stabilized. Lacquered versions with polypropylene suitable for outdoor use. Also available in versions upholstered in fabric, leather, eco-leather, and leather.

The stool (non-stackable) has the same characteristics as the chair.
